

## Social Security Administration

## § 404.1615

### § 404.1613 Disability determinations the State makes.

(a) *General rule.* A State agency will make determinations of disability with respect to all persons in the State except those individuals whose cases are in a class specifically excluded by our written guidelines. A determination of disability made by the State is the determination of the Commissioner, except as described in § 404.1503(d)(1).

(b) *New classes of cases.* Where any new class or classes of cases arise requiring determinations of disability, we will determine the conditions under which a State may choose not to make the disability determinations. We will provide the State with the necessary funding to do the additional work.

(c) *Temporary transfer of classes of cases.* We will make disability determinations for classes of cases temporarily transferred to us by the State agency if the State agency asks us to do so and we agree. The State agency will make written arrangements with us which will specify the period of time and the class or classes of cases we will do.

### § 404.1614 Responsibilities for obtaining evidence to make disability determinations.

(a) The State agency will secure from the claimant, or other sources, any evidence it needs to make a disability determination.

(b) We will secure from the claimant or other special arrangement sources, any evidence we can obtain as adequately and more readily than the State agency. We will furnish the evidence to the State agency for use in making a disability determination.

(c) At our request, the State agency will obtain and furnish medical or other evidence and provide assistance as may be necessary for us to carry out our responsibilities—

(1) For making disability determinations in those classes of cases described in the written guidelines for which the State agency does not make the determination; or

(2) Under international agreements with respect to social security benefits payable under section 233 of the Act.

### § 404.1615 Making disability determinations.

(a) When making a disability determination, the State agency will apply subpart P, part 404, of our regulations.

(b) The State agency will make disability determinations based only on the medical and nonmedical evidence in its files.

(c) Disability determinations will be made by:

(1) A State agency medical or psychological consultant and a State agency disability examiner;

(2) A State agency disability examiner alone when there is no medical evidence to be evaluated (*i.e.*, no medical evidence exists or we are unable, despite making every reasonable effort, to obtain any medical evidence that may exist) and the individual fails or refuses, without a good reason, to attend a consultative examination (see § 404.1518);

(3) A State agency disability examiner alone if the claim is adjudicated under the quick disability determination process (see § 404.1619) or as a compassionate allowance (see § 404.1602), and the initial or reconsidered determination is fully favorable to you. This paragraph will no longer be effective on November 12, 2013 unless we terminate it earlier or extend it beyond that date by publication of a final rule in the FEDERAL REGISTER; or

(4) A State agency disability hearing officer.

See § 404.1616 for the definition of medical or psychological consultant and § 404.915 for the definition of disability hearing officer. The State agency disability examiner and disability hearing officer must be qualified to interpret and evaluate medical reports and other evidence relating to the claimant's physical or mental impairments and as necessary to determine the capacities of the claimant to perform substantial gainful activity.

See § 404.1572 for what we mean by substantial gainful activity.

(d) An initial determination by the State agency that an individual is not disabled, in any case where there is evidence which indicates the existence of a mental impairment, will be made only after every reasonable effort has
